

## **WALK AWAY**

*Words & Music by Judy Pancoast © 2000*

You're a kite, you're bird, you're a yellow balloon  
You've got everything going on;  
You can fly, you can soar, you can glide to the moon!  
No one can bring you down

### **CHORUS:**

Just don't listen to the mean people,  
Don't let 'em make you cry;  
Don't listen to the mean people'  
Turn your back and say goodbye....  
If you let them put you down they'll turn your smile into a frown,  
And I love to see you smile!  
So don't listen to the mean people,  
Just walk away  
Now I once knew a girl who was teased all the year  
Other kids made her cry;  
So she sang her own song 'til that's all she could hear  
And she turned out just fine

### **REPEAT CHORUS**
