As I sit here holding you so close to me,
Sometimes I wonder what you'll choose to be.
You may fly a spaceship; you may run the zoo...
WHATEVER YOU DREAM,
It will be right for you.

Deep in your heart lies the hope that you need
To build any dream and the strength to succeed.
You may climb high mountains; sail oceans of blue...
WHATEVER YOU DREAM,
It will be right for you.

Imagine tonight what tomorrow will bring,
Then realize you can be anything!

So when your dreams seem to call out to you,
Listen... and then try to make them come true.
You may paint a masterpiece; it's up to you...
WHATEVER YOU DREAM,
WHATEVER YOU DREAM,
WHATEVER YOU DREAM,
It will be right for you.
