

Cycle of the Seasons

John Keenan & Jo-Anne Wilson-Keenan

1. Earth spins round the sun
making it's yearly run
Nature goes through the seasons
The changing sunlight is the reason

Chorus

Summer, autumn, winter and spring
Each brings different things
in the cycle of the seasons

Verse

D---/A---/Bm---/F#m---
G---/D---/Em---/A---

Chorus

D---/A---/Bm---/F#m---
G---/A---/D-Em-/D---

Ending

G---/A---/D-Em-/D---

2. Summer sun helps plants grow
Autumn gets us ready for cold
Winter brings snow and ice
In spring, nature bursts with life

Chorus

3. The seasons give nature clues
when to store food
when to rest and when to grow
when birds should come and go

Chorus

4. Round and round they go
following the path they know
But the seasons need our care
We must all do our share

Chorus

Ending

In the cycle of seasons
