

# Grain of Sand

A Tribute to Environmental Hero Pete Seeger

John Keenan & Jo-Anne Wilson-Keenan

1. Pete Seeger sang his songs far and wide  
He told us the Earth can be saved  
A grain of sand can tip the scales  
and bring us to a better day

## *Chorus*

A grain of sand  
can make the difference  
A grain of sand  
a speckle in you hand  
A grain of sand  
can tip the scales  
You could be that grain of sand

2. Pete Seeger sailed the Hudson River  
urging everyone along the way  
to help clear up the dirty waters  
That river is cleaner today

## *Chorus*

3. Pete Seeger sang of peace and justice  
for the world we live upon  
No matter how great our challenge  
he gave us courage to overcome

## *Chorus*

## *Ending*

If people around the world join together  
if friends and neighbors lend a hand  
we can save the Earth we live on  
We are billions of grains of sand
