

# WE CAN ALL GROW

© 2012 School Time Music LLC.

Written by Kaitlin McGaw, Jason Villaroman, Andrew Wilkins

G - R - O - W!  
G - R - O - W!

It starts with a seed and a lot of hope  
Covered in soil it builds it's home  
Sprinkle with water, wait for rain  
Soon the flower will find it's way.

Water gathers at the root  
Into the stem it passes through  
Waters the leaves, makes food to eat  
Flowers make seeds and it repeats

[CHORUS]

G - R - O - W!  
G - R - O - W!  
I'm gonna grow  
I'm gonna shine!

Flowers, trees, and all the plants  
Give oxygen and us a chance  
To breathe, and eat, and be alive  
The plants they help us grow and thrive

[CHORUS]

Plants and trees they make clean air  
To help us breathe  
Provide food for all the land  
That we all can eat  
They give us wood to build our homes  
Bring more smiles the more they're grown.

G - R - O - W!  
G - R - O - W!

[CHORUS]

**C  
H  
O  
R  
U  
S**  
We can all grow  
We can all shine  
We all need water  
Love and sunshine!
