You can write, you can write, you can write—what you hear
You can write, you can write, you can write—say it loud
I can write and stretch it out, I can write whatever I want
I can write, I can write, I can be a super writer!

Say the word, stretch it out
Hear the sounds, write it down
You're a writer, when you try it
My super writers—you're never wrong

[CHORUS]

If there's a story you want to tell
You know you can write it now
Mark your papers, super writers
It's time to share—read aloud!

[CHORUS]

If you can't hear the sounds in the words, slow down, slow down
If you can't hear the sounds in the words, slow down!
If you can't hear the sounds in the words, stretch it out
If you can't hear the sounds in the words, stretch it out

[CHORUS]

GO!
