

Boogie Board Boogie

©2007 Andreas G Zamenes (BMI)

It's summer in Andyland
It's blue skies and golden sand
It's sunshine from see to shiny sea
So won't you come boogie board with me

C'mon everybody have you heard the news
About the latest craze in the sea of blue
If you wanna come along, here's whatcha do
You grab your board on the left and right
(Ah, grab on to the sides)
You put your belly down and you hold on tight
(Ah, you're in for a ride)
You get your legs 'o kickin' with all of your might
(Ah, ride into the tide)

Michael, Ray and Sally Mae and even Linda Lou
Love to ride their boogie boards until the day is through

Now you're way out in the water so you stop and then
You find the biggest wave and you ride it in
You turn yourself around and ya do it again

I just want to hang around the beach all night and day
Soakin' up the summer sun and catchin' tasty waves

Well, I looked out in the water and I saw my friend
Starin' at the fishies on the ocean bed
If I were you I'd watch the waves instead

Dale: What? AAAAAAAAAAAH! (KER-SPLASH!!!)

Ranger Dude: ha-ha-ha-ha-ha-ha WIPE OUT dude!

Ranger Dude: Hey Dale, are you ok?

Dale: (still coughing) Yeah, but I think I swallowed some seaweed
