

## **Planet Potty**

When you feel a rumblin'  
And it's not your middle

When you're holdin' somethin'  
And it makes you wiggle

When you're doin' a dance  
And you really don't wanna

It's time for you to listen to your body  
And take a little trip to PLANET POTTY!

Do the numbers  
1 or 2

There's plenty of paper  
Yeah you know what to do

Finish your business  
And when you're through

You don't need to rush, now don't be naughty  
You always have to flush on PLANET POTTY!

"While you're here, feel free to take a look around"

There's a bathtub  
There's a sink  
Rubber ducky  
Now swim!

You pulled the handle  
You shut the lid

You're washing your hands now  
That's the way to go kid!

Come back when you need to  
Or just because you wanna

Now aren't you glad you listened to your body  
And took a little trip to PLANET POTTY!
