

Can't Wait to See You

I can't wait to see you 'til we dance, dance, dance
Only 8 more hours 'til we dance, dance, dance
It's been way too long until we dance, dance, dance
I can't wait to see you till we dance

Looking out my window
Looking for your car
I can't wait another minute for you
Turn around. Twist side to side.
Jump up and down, down, down
