

# I Love Your Eyes

by Barry Louis Polisar

---

I love your eyes, I love your ears,  
I love your elbows too.  
I love your thighs, I'm hypnotized  
By every inch of you.

I love your toes, I love your nose,  
Your giggle and your grin,  
The way you walk, the way you talk,  
I love the hair on your chin.

I love your cranium, I love your neck,  
What the heck, I love your arteries, too.  
I love your fibula and your tibia,  
I love you bone tissue.

Words can't tell how I feel about your cells,  
Your liver and your kidneys and your hips,  
Your maxillaries and your capillaries,  
Your femur and your fingertips.

I love your vertebrae and I just wanna say  
Your membranes make me moan.  
I love your dimples and your pimples  
and I thank heaven for your funny bone.
