

## THE RAISE YOUR HAND RAP

It's time for the Raise Your Hand Rap  
Here it is - the Raise Your Hand Rap  
Get ready for the Raise Your Hand Rap  
Here it comes - the Raise Your Hand Rap

Up, up, up to the sky  
Before you speak - let your hand fly  
Up, up, up in the air  
It lets the teacher know you have something to share  
Like a question, an answer, opinion or thought  
You will get a turn to show what you've been taught  
With so many students - with so much to say  
You must raise your hand, it's the only way

### *Chorus:*

Raise, raise, raise your hand - Up to the sky so high  
Raise, raise, raise your hand - Don't you be shy, no, no, no  
Raise, raise, raise your hand - Up to the sky so high  
Raise, raise, raise your hand - Don't you be shy, no, no, no  
Just let it fly

Raising your hand is an important rule  
Let's take a look and see why it's so cool  
It let's everyone talk one at a time  
Not all together which would be a crime

Nothing would be heard if everyone spoke  
It may sound funny but it's really no joke  
So when you're in class and you have something to say  
Just raise your hand, you'll make the teacher's day  
(repeat chorus)

Just raise it high - Just let it fly  
Just raise it high - Just let it fly...
