

DON'T CALL OUT CALYPSO

Chorus:

Don't call out - Don't call out
Don't call out calypso
Don't call out - Don't call out
Don't call out calypso

Just be polite - Do it right
You know it's wrong to speak without permission
Just raise your hand - you'll see it's grand
And soon you'll say what you've been wishin'
(repeat chorus)

You know it's rude - and you'll be boo-ed
If you talk while others are speaking
And that is why - we raise our hands up high
If you follow the rule - you'll be so cool
(repeat chorus)

Just be polite - Do it right
You know it's wrong to speak without permission
Just raise your hand - you'll see it's grand
And soon you'll say what you've been wishin'
(repeat chorus)
