

NEVER BE AFRAID TO ASK QUESTIONS

Chorus:

Never be afraid to ask questions
Never be afraid - to ask "why"
Never be afraid to ask questions
'Cause that's the only way - to get wise

When the teacher says something that you don't understand
That's the time to ask a question by raising your hand
Don't be afraid to speak up - say what's on your mind
Ask a question and - free your mind
(repeat chorus)

There's an easy way for you to learn and to grow
Ask a question to find out the things you don't know
Like, "Where does the sun go every night?
Does it disappear, no, that can't be right."
(repeat chorus)

No one ever learned by sitting quietly keeping their questions inside
Never be afraid to ask your teachers - let them be your guide
Someone in your class may not understand and need an answer, too
You can be the hero of the day if you ask a question or two
(repeat chorus)
