

I'VE GOT SELF-CONTROL

Chorus:

I've got self-control

I've got self-control

I've got self-control

Let's see if you've got it too

Do you tap your pencil while others talk?
When the teacher says line up, do you run or walk?
When you're bored, do you fidget in your chair?
Or lift up your desk or play with your hair?

Did you answer yes to these questions, then you know
You need to work on your self-control
(repeat chorus)

Do you whistle even when you're asked to stop?
Is your desk kept neat, or does it look like slop?
When the class lines up, do you do it right?
Or skip in front of others while you push and fight?

Did you answer yes to these questions, then you know
You need to work on your self-control
(repeat chorus)
