

BE COOL - FOLLOW THE RULE

Be Cool - Follow The Rule

There are rules in the morning, there are rules in the night
There are rules in the classroom where the teacher's out of sight
Rules in the lunchroom where the cooking's really fine
Rules on a fire drill, you'd better tow the line

You've got to - Be Cool - Follow The Rule

Sometimes you feel like calling out
'Cause you've got the right answer - there's no doubt
But remember that the rule says raise your hand
You must wait your turn - try to understand

You've got to - Be Cool - Follow The Rule

bridge:

Follow, follow, follow, let it be your guide
Follow, follow, follow, you will feel such pride
Follow, follow, follow, makes you feel so good inside
So cool - to follow the rule

There are rules in the morning, there are rules in the night
There are rules in the classroom where the teacher's out of sight
Rules in the lunchroom where the cooking's really fine
Rules on a fire drill, you'd better tow the line

You've got to - Be Cool - Follow The Rule
(repeat bridge)

There are rules in the morning, there are rules in the night
There are rules in the classroom where the teacher's out of sight
Rules in the lunchroom where the cooking's really fine
Rules on a fire drill, you'd better tow the line

You've got to - Be Cool - Follow The Rule - Be Cool - Follow The Rule
Be Cool - Follow The Rule - Be Cool - Follow The Rule
