

The Wiggle Song

tune: "For He's a Jolly Good Fellow"

My hands are starting to wiggle
My hands are starting to wiggle
My hands are starting to wiggle
Around and around and around.

Verses: feet, hips, head, all of me is a-wiggle, sit down!! Add as many verses as you like – use different body parts, too!

Sometimes the simplest songs are the best – like this one. Yes – another Zipper Song – but such fun and learning! Body part identification, gross motor skill practice, identifying personal space – and adaptable for children of many ages and abilities.
