

HUSH YOUR FEET

by Carole (Peterson) Stephens ©2008

Hush your feet, stick them to the floor
Hush your feet, they're not dancing any more
Hush your feet, and look at me
Hush your feet, be still as can be.

Hands here, do what I'm doing
Hands there, follow along
Hands in your lap, eyes right here
Don't make a sound, we're done with our song.
Hush your feet, we're done with our song – SHH!
Hush your feet...
