

25. Snowflake, Snowflake

Lyric by Carole Stephens ©1996

Melody: Twinkle, Twinkle Little Star

Snowflake, snowflake dance around
Snowflake, snowflake touch the ground
Snowflake landing on my nose
Snowflake landing on my toes
Snowflake, snowflake dance around
Snowflake, snowflake touch the ground

I use tulle circles as snowflakes – find in the wedding department of a craft store. Try blue or purple – white is hard to see on many floors.

Drop the circle from above your head and watch it float downward. Repeat. Touch it to your nose, toes, then drop again. During the instrumental verse, blow the snowflakes into the air. Then repeat the song.
