Now's the time to go to sleep, Put the baby in the bed
Cover the baby in the bed, Kiss the baby goodnight – (smooch!)
WAAHHH! What does the baby want?

Fingerplay: *Pointer finger on one hand is baby, flat other hand is bed. Slowly march the baby toward the bed, lay the finger into the hand, cover with fingers on bed-hand, kiss the pointer finger baby's head (peeking out of bed)! This wonderfully funny scaffolding fingerplay will have everyone laughing!*
