

Wiggle Your Finger! Author unknown – heard it on the Shari Lewis show many moons ago – and it stuck!

Wiggle your finger, put it on your nose
Grab your ear and hum!
HMMMMMMMMMMMMMM *(repeat little tune above)*

Why wear a long face, what's the use?
Flap your arms and act like a goose, then

Wiggle your finger, put it on your nose
Grab your ear and hum!
HMMMMMMMMMMMMMM...

(Repeat – each time modulating up and going a little faster!)
