

Bats Are Sleeping

(tune: Frere Jaques)

I learned this delightful song from via Susan Salidor via Margaret Hooten at The Children's Music Network. Check out this fabulous organization at cmnonline.org. It'll keep you singing for YEARS!

Bats are sleeping, bats are sleeping
Upside down, upside down
Waiting for the night time
Waiting for the night time (pause)
Then they fly around, then they fly around.

Lines 1 - 4: Bend in half at the waist, bottoms up!

During pause: Turn lights off.

Line 5: Fly around catching bugs until the lights come back on.
