

Everybody Clap Your Hands *learned from Ella Jenkins - she couldn't recall who wrote it!*

Everybody clap your hands
Everybody clap your hands
Everybody – come on and clap your hands!

Verses: stamp your feet, jump up high, turn real slow, wiggle around. Then add difficulty: clap and stamp, clap, stamp and turn, clap, stamp, turn – with your tongue hanging out while singing this verse:

Everybody sing along
Everybody sing along
Everybody – come on and sing along! (be sure to put your tongue away at the end!)
