

The Little Fish by Laurissa Anne Berkner ©1999

Ask the child(ren) what they know about fish – usually quite a lot! Then ask them what they think a little fish does when it gets tired of swimming all day – it lays down on a rock and takes a nap! Turn them into tired little fish, laying on their rocks! This one you'll need the recording for – too much going on for an acapella rendition! Very funny – and surefire hit!

Verses: take a shower, brush their teeth, ride their bicycles!
