

## **BONUS TRACK: Instrument ID**

*There are wonderful instruments, played by talented musicians, on this recording: steel drum, banjo, clarinet, trombone, violin, cello – and more!*

*Children can learn to listen to music discriminately. Challenge them to find which instruments play in which songs. Talk about what you hear. Find pictures of the instruments on the internet. Maybe you know someone who can show a real instrument to your child or class? Sing, Dance, LEARN!*
