

Fuzzy Wuzzy Caterpillar / Butterfly

The Rhyme: on hands & knees, then curl up in a ball

Fuzzy Wuzzy Caterpillar creeping, creeping, creeping
Spins herself a blanket now she's sleeping, sleeping sleeping
Fuzzy Wuzzy Caterpillar wakes up, bye'n'bye
Spreads her lovely wings, she's a beautiful butterfly!

The Song: unfold your wings, slowly rise and fly!

Here is my butterfly, watch how it grows
Higher and lower in front of my nose
It started out tiny and grew, and grew
It fluttered about, then off it flew!

Repeat the rhyme a second time for boy butterfly – he – then flap wings to dry, fly around room to “taste” some flowers. Come back to starting places, fold wings around body.
