

There's a Dot on My Finger lyrics by Carole Stephens ©2015

Tune: 'If You're Happy and You Know It

There's a dot on my finger on my finger
There's a dot on my finger on my finger
I don't think I'll let it linger, this old dot upon my finger...
There's a dot on my finger on my finger!

I stick a dot on the pointer finger of each child – they listen and DO! Add your own verses, or use mine: shoe, knee, tummy, chin and nose!
