“Cloud Forest Chorus”

(Claudia Robin Gunn)

In the cloud forest canopy
The songbirds call
All the hummingbirds and toucans
And umbrella birds and more
If you walk down below
Among the orchid blooms
Don't forget to look up and see
The colours up there too

Hear the cloud forest chorus
The cloud forest song
Hear the hummingbirds and toucans
And umbrella birds and more

In the cloud forest you might see
The spectacled bear
Yellow-tailed woolly monkey
Or the mountain tapir
If you walk down below
Be sure to look around
In the cloud forest magic
May always be raining down

Hear the cloud forest chorus
It's a cloud forest song
Hear the hummingbirds and toucans
And umbrella birds and more
It's a cloud forest chorus
Of biodiversity
If we wanna hear the chorus
We must save the trees

There are many kinds of wildlife
In the cloud forest shade
Like the rain frog, tortoise beetle
And the giant snail

LYRIC SHEET

claudia
robin
gunn

It's a cloud forest chorus
A cloud forest song
Let the hummingbirds and toucans
And umbrella birds live long
It's a cloud forest chorus
Of biodiversity
If we wanna hear the chorus
We must save the trees
