## “Giraffe Song”

(Claudia Robin Gunn)

Ooooooh

Sometimes I wish I could be a giraffe  
Head stretched up high in the leaves  
I would pretend a giraffe's what I am  
And my friends had long necks like me

Heads high up in the sky  
Imagine how much we could see  
We'd sleep standing up  
Clean our ears with our tongues  
Oh what a life that would be

Ooooooh

Sometimes I'd love to be a giraffe  
Head stretched high in the leaves  
My friends and I so tall together  
Singing giraffe songs like these

Heads high up in the sky  
All of the world we can see  
We'd sleep standing up  
Clean our ears with our tongues  
See our spot patterns unique every one  
Munch on acacia leaves  
No lions thank you, team  
This is the life for me

Ooooooh

Sometimes I need to be a giraffe  
Head stretched high in the leaves  
My friends and I so tall together  
Swaying with the beautiful breeze

Heads high up in the sky  
All of the world we can see  
We'd sleep standing up  
Clean our ears with our tongues  
See our spot patterns unique every one  
Munch on acacia leaves  
No lions thank you team  
When we drink water we drop to our knees

This is the long-legged  
Long-necked  
Longest drink in town  
Long seeing life for me
