“Happy Little Honeybee”

(Claudia Robin Gunn)

Buzz buzz, buzz buzz

You're my happy little honeybee
You're my happy little honeybee
You get smiles from all the fruit trees
You spread the love - to everyone you meet

Buzz buzz buzz buzz

You're my happy little honeybee
You got pollen on your dusty feet
You bring life to all the flowers
Cos you spread the love everywhere you been

Buzz buzz buzz buzz

Oh happy little honeybee
Oh happy little honeybee

I see you buzz buzz buzz buzz buzzing round and round
I see you pollinating flowers all around the town
Show me how you dance wiggle left and wiggle right
When ya tell your friends the way to find the flowers blooming bright

Buzz buzz buzz buzz
Buzz buzz buzz buzz

Thank you happy little honeybee
Thank you happy little honey bee
You bring smiles to all the garden
And all the flowers and all the trees
You spread the love everywhere you been
