

LYRIC SHEET

“Vitamin Sea”

(Claudia Robin Gunn)

I need vitamin sea
I need sand underneath my toes
I need vitamin sea, I need rolling waves
I need tides that come and go
Let me jump in the ocean and I’m home

You know I always keep my wetsuit on
So I can swim all day long
And I always got my snorkel and mask
So I can dive in fast

CHORUS

I need vitamin sea, I need rolling waves
I need sand underneath my toes
Gimme salt water and I’m home
I need vitamin sea, I need rolling waves
I need tides that come and go
Let me jump in the ocean and I’m home
I’m home

I always pack my swimming togs and towel
Ready for a manu and a splash down
And I always keep my surfboard by my side
For when the waves are just right

CHORUS

It’s the best kind of vitamins
It don’t come in a packet or a jar
So I’m taking my vitamins
Every time I feel that water splash

CHORUS

I need vitamin sea x 4
