## “Hello Neighbourhood”

(Claudia Robin Gunn)

Hello hello hello

Life is good when we're strolling in our neighbourhood  
Everybody that we meet we know  
And if we don't we always say hello (Hello)

Life is sweet when we're sweeping up the autumn leaves  
Red and colourful and oh so crunchy  
Crisp and golden brown and oh so crackly

### CHORUS

Hello life - let us take a bite of it  
Life - blink too fast & we will miss it  
Life - all the rise and fall of it  
Find the fun of it, make the most of it

Hello life

Life is exciting when we're sliding in the fallen snow  
Every sight we see is all aglow  
And our mittens keep our hands from freezing cold

Life is fine when we're cruisin' in the park in springtime  
And the cherry trees are raining blossoms  
All the birds are singin' stop and listen

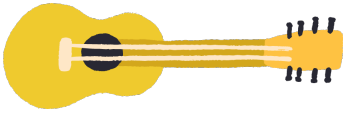

### CHORUS

Life is beautiful and musical in summer  
When we hit the beach and sparkling waves  
Sweetest harmony the ice cream van its melody makes

### CHORUS

Hello life - let us take a bite of it  
Life - blink too fast & we will miss it  
Life - all the rise and fall of it  
Find the fun of it, make the most of it
