## “Save the Daisies (Garden Song)”

(Claudia Robin Gunn)

Daisies dotted in the green green lawn  
“Wake up wake up here comes dawn!”  
“We’re too tired we’re sleeping in”  
Daisies stretch and yawn and grin

Rattle rattle rattle in the garden shed  
“Wake up wake up your sleepy heads”  
Here come kids with a watering can  
A shovel and a spade for garden day

Sprinkle says the watering can  
Splish splash splish splash drip drop  
Dig says the shovel and spade  
Muddy mucky mish mosh  
Hey! says the leaf rake  
Scratch scratch scratch scratch tidy up  
No says the gumboots  
Puddle muddle stamp stamp stomp

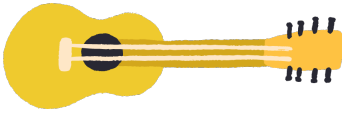

### CHORUS

Splish splash splish splash drip drop  
Muddy mucky mish mosh  
Scratch scratch scratch scratch tidy up  
Kids are in the garden, kids are in the garden

Water water water says the garden hose  
Trickle and flow, trickle and flow  
Dry dry dry says the beaming sun  
Shine and glow shine and glow  
Chirp chirp buzz say the birds and bees  
Can’t catch me, can’t catch me  
Grow grow grow say the tiny seeds  
Root by root by leaf by leaf

Snip trim neat as a pin  
Secateurs are marching  
Kitty cat’s watching rein it in  
Kids are in the garden  
Kids are in the garden

Roll goes the barrow  
Fly fly its tidy up time  
Kids are in the garden,

Daisies dotted in the green green grass  
They can feel the shadows night at last  
"We're so tired we've had a great time"  
Daisies yawn and wave goodnight

Pitter patter pitter on the garden path  
There go the kids inside at last  
Tools in the shed are all arranged  
Nice and tidy til another garden day
