

LYRIC SHEET

“Summertime and Sunshine”

(Claudia Robin Gunn)

If you got your jandals on, it must be time for a summertime song
If you got your togs and towel, it must be time for a swim right now
If you got your boogie board, it must be time for the surf report
If you got your sunscreen on, it must be time to have some fun

It's a summertime song

If you got a bucket and spade, it's time that sandcastles got made
If you got a ball and bat, it must be time for a cricket match
If you got a stripy umbrella, you better tie it down before the sea breeze gets ya
If you got a chilly bin, you better keep it closed or the gulls will win

It's a summertime song

CHORUS

Summertime and sunshine and a spot here in the shade
Wind and waves and cabbage trees, it's a beautiful day

For a summertime song

If you got your snorkel and mask, it must be time to kick real fast
If you got a little rowing boat, it must be time to row row row
If you got your jandals on, it must be time for a summertime song
If you got your boogie board, it must be time for the surf report

It's a summertime song

CHORUS x 2

It's a beautiful day
For a summertime song
It's a beautiful day
