## “How Many Sleeps”

(Claudia Robin Gunn)

### CHORUS

Ba ba ba ba ba ba ba ba ba ba ]  
Ba ba ba ba ba ba ba ba ba ba ba ] x2

How many sleeps til I grow up?  
Could I count them on one hand?  
How many centimetres tall  
Do I gotta be, to get to dream world?

How many balloons would it take to fly  
And if I go up there, can I touch the sky?  
And will I see raindrops in the clouds up high?  
Before they fall down (Ba ba ba ba ba ba ba ba ba ba)  
Over dream world (Ba ba ba ba ba ba ba ba ba ba)

How many sleeps til Christmas Day?  
How many presents fit on Santa's sleigh?  
Where does the postman deliver his mail?  
Does he know the way? (Ba ba ba ba ba ba ba ba ba ba)  
Ba ba ba ba ba ba ba ba ba ba

Oh one plus one plus one is three  
Three plus three plus three is nine  
When I'm nine, will I be big enough

To get to dream world? X2

### CHORUS x 2

How old was I when you were young?  
Why does the earth go round and round the sun?  
Where do the dreams go when the sleeping's done?  
Do they know the way back to dream world?

Back to dream world? X2

### CHORUS x 2
