“Home Sweet Home

(Claudia Robin Gunn)

Home sweet home is my favourite place
It's my favourite place in the whole wide world
Where I know I can be myself
I can please myself when I'm home sweet home

I know every corner, every hiding place
And all of the flowers in the garden have names
I know every scratch on the windowsill
And I love every inch of it and I always will

Lah lah lah lah lah lah x2

Home sweet home is my favourite place
It's my favourite place in the whole wide world
There's always lots of smiling faces
And good things baking when I get home

My brothers and sisters get to stay up late
One day I'll be tall enough to open the gate
My uncles and aunties always come around
And bring my cousins for Sunday sing alongs

Lah lah lah lah lah lah x2

Home sweet home is my favourite place
It's my favourite place in the whole wide world
Mom and dad always here for me
Always cheer for me when I'm home sweet home

I know every room, every hallway
Inside out, forever, always
I know every secret and everybody's dreams
Cos when you're little, you can hear everything

Lah lah lah lah lah lah x4

Cos home sweet home is my favourite place
It's my favourite place in the whole wide world
Home sweet home is my favourite place
It's my favourite place in the whole wide world
