## “Love You More”

(Claudia Robin Gunn)

I love you more with every day that passes  
And every day I love you even more  
I love you more than apple and pie ice cream  
I love you higher than the sky or the horizon

I love you more than sleeping in on Sundays  
I love you more than summertime or holidays  
I love you more than fireworks or halloween  
I love you higher than the sky or the horizon

So sing me a song til I sleep  
And whisper in my ear  
Just tell me how much that you love me  
Keep on humming in my dreams  
You know that I'll hear  
Even as I slumber

I love you more than all the stars in heaven  
I love you more than all the fishies in the sea  
I love you more than hundreds and thousands  
I love you higher than the sky or the horizon  
The sky or the horizon

Love you more  
Love you more  
I love you more
