## “Goodnight Moon”

(Claudia Robin Gunn)

Hmmm mmm mmm mmm

Hmmmmmmm (mmm mmm)  
Hmmmmmmm

Goodnight moon, I hope you don't get tired  
Way up there you see everywhere  
In all the night there's not a star so bright  
As all your moonbeams' shining light

Hmmmmmmm (mmm mmm)  
Hmmmmmmm

Goodnight moon, I hope you stay awake  
All through the dark hours til the morning breaks  
I know you'll be, with me in my dreams  
All through the nighttime, watching over me

Hmmmmmmm (mmm mmm)  
Hmmmmmmm

Goodnight moon, I hope you don't get scared  
Way out there beyond the atmosphere  
It must be fine to see the comets fly  
And dance with the blue sea's rising falling tides

Hmmmmmmm (mmm mmm)  
Hmmmmmmm

Goodnight moon, now I'm asleep in bed  
When I wake up you can rest your head
