## “Imaginary Ocean”

(Claudia Robin Gunn)

Come for a paddle  
On my imaginary rowboat  
Cross my imaginary ocean  
We can navigate where we’re going  
Come for a sail  
On my imaginary sailing ship  
Cross my imaginary harbour  
The adventure’s only starting

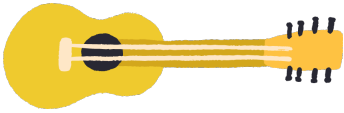

I see a little blue penguin  
I hear the swoop of an albatross  
I spy a sea lion  
I feel those negative ions

### CHORUS

We’re out on the ocean  
Imaginary ocean  
Everything will be fine  
We follow the stars and signs  
Anything can happen  
When we believe in magic  
Everything will be fun  
Imagination has just begun

Come for a swim  
In my imaginary seas  
We’ll snorkel around and dive down deep  
Discover wonders under the sea  
Come for a splash  
In my imaginary kayak  
Down my imaginary river  
Every river flows to the mother

## CHORUS

Ocean, imaginary ocean  
Everything will be fine  
We follow the stars and signs  
Anything can happen  
When we believe in magic  
Everything will be fun  
Imagination has just begun

I spy salps at the surface  
I see the flash of a moonfish  
I feel the swell go rock and roll  
I hear the whoosh as a whale blows

We're out on the ocean  
Imaginary ocean

Anything can happen  
When we believe in magic

We're out on the ocean  
Imaginary ocean  
Everything will be fine  
We follow the stars and signs  
Anything can happen  
When we believe in magic  
Everything will be fun  
Imagination has just begun
