## “Wishlists”

(Claudia Robin Gunn)

Santa we've been wishing for you  
To come around, we've been counting down  
Santa we've been waiting since last year  
Now you're almost here

We've been pulling out the decorations  
We've been hanging out the silver stars  
We've been writing down our secret wishlists  
We hope you noticed

Santa we're on best behaviour  
When mummy says, we go to bed  
Santa we've been waiting since last year  
Now you're almost here

365 days  
Did you get enough time to make  
Wind up dolls and spinning tops  
Railway tracks and music boxes  
Books and games, new pyjamas  
Ukuleles and silver locket

Santa we've been wishing for, wishing for you, wishing for you

Santa we've been wishing for you  
To come around, we've been counting down  
Santa we've been waiting since last year  
Now you're almost here

Santa we've been wishing for you  
To come around, we've been counting down  
Santa we've been waiting since last year  
Now you're almost here
