OTTER FACTS

verse one:
Otters live near the river.
Their fur is quite thick,
So they don't have to shiver.
They grunt, snort, and scream.
They whistle, chuckle, and chirp.
After eating fish and frogs,
They've been known to burp.

chorus:
Otter facts--
A few tips from the water.
Otter facts--
If you don't know 'em,
Well, you otter.
They're with us every day,
And you want to get an "A."
Otter facts, otter facts.

verse two:
Otters make musk that is smelly.
They swim and they dig,
And they slide on their belly.
Their feet have sharp claws.
Their whiskers grow to be long.
They run up on short, brown legs
When they hear this song.

(**repeat chorus**)

bridge:
They love to play.
These animals with long tails
Sure love to play!
Yes, yes, they know there's work to do,
And they do it, too.
Every single otter loves to play.

(**repeat chorus**)
