Cool as a Cucumber

words and music by Jimmy Hammer and Dave Kinnoin
©2020 Sync Track (ASCAP) and Song Wizard Music (ASCAP)

verse one:
I had been cookin' all day for a party, you see,
And I guess the heat kinda got to me,
So I crawled into the shade of a coconut tree,
And I started to sleep so happily.
Now I'm…

chorus:
Cool as a cucumber.
Beatin' the heat as I sweetly slumber.
Oh, don't wake me, just take a number.
I'm cool, cool, cool as a cucumber.

verse two:
It's such a wonderful break from my kitchen routine.
No papayas to peel, no counter to clean.
I am dreamin' on the edge of an ocean scene.
Just a little nudge, and I'm a green submarine.

(repeat chorus)

bridge:
What's that noise?
Sounds like a party.
Oh, my, that's my party!
Hey, Mr. Sandman, I gotta go.
I hear the band, man,
It's sounds so…

chorus three:
Cool as a cucumber.
I'll put the smile in this island number.
Rise and shine, there's no time to slumber.
I'm cool as a cucumber.
I'll put the smile in this island number.
Rise and shine, there's no time to slumber.
I'm cool, cool, cool,
Cool, cool, cool as a cucumber.

Key of Bb (modulate to C and back to Bb)
144 bpm
