

## **Little Sandpiper**

by Dorothy Cresswell, copyright 2013

C                      F  
Little sandpiper wading in the water,  
C                      F  
Little sandpiper wading in the sea.  
C                      F  
Dip your beak and what do you see?  
C                      G              C  
Rings flowing out from you to me!

### **Chorus:**

C                      F                      G  
**Rings flowing out in ever-growing circles.**  
C                      F              G  
**Rings flowing out from you to me.**  
C                      F              G  
**Rings of love or rings of anger,**  
C                      G              C  
**Which kind of rings do we set free?**

Little tiny pebble drops in the water  
Setting rings of ripples rolling free.  
We look small next to the ocean,  
But we have power, you and me!

Do we dip peace or do we dip trouble?  
Do we dip joy or jealousy?  
Do we dip smiles or do we dip grumbling?  
What we do and say makes waves you see!
