

Let Me Play Too

Don't want to be left out.
Let me play too.
Don't want to be left out.
I want to be with you.

Don't want to be left out,
Just 'cause I'm small.
Don't want to be left out,
Never at all.

I may be smaller, but I'm pretty smart.
You may be taller, but you had a head start.
Please make me a place;
There may be a part I can do
If you let me play too.

I may be smaller, but I'm pretty smart.
You may be taller, but you had a head start.
Please make me a place;
There may be a part I can do
If you let me play too.
Please let me play too.

Let me play with you. (repeat several times)
