

The Friendship Song

By Dylan Glanzer - 2007

Friendship, Friendship

That's what we all need!

Friendship, Friendship

And happy we will be!

Just Smile and Say Hello,

And you'll find there's a brand new friend to know!

'Cause a friend will listen whenever you feel sad.

And a friend will never laugh at you,

they'll only make you glad!

So whether you're a boy or a girl

The best that you can be in this world

Is to be a Good Friend!
