

Tuck Me In

(Kitty Gill 1992, Pixie Sage Music/BMI)

Well I brushed my teeth
and washed my face,
and I put my clothes away.
Now I tidy up my room a bit
just to finish up my day.
And maybe I'll turn down
The lights real low.
And wait for the person
that I love so.

Tuck me in. (3x)
I love how you bring those
covers up to my chin.

Chorus:

Tuck me in. (3x)
If you want me to sleep
then please, please,
tuck me in.

If you don't come right away to me,
I'll just lie back here and sigh.
'cause I know if I wait patiently
you will soon be passing by.
And I will just turn down
the lights real low,
and wait for the person
that I love so.

(Chorus)
