

# FAMILY REUNION

Lyrics by Fyütch & Divinity Roxx

---

## CHORUS

Oh meet me at the family reunion  
You know we're gonna dance to the music  
Fire up the grill barbecuing  
At the family reunion  
Oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh  
At the family reunion

## VERSE 1

Seeing in all my favorite cousins that I miss  
Reminiscing on our memories way back when  
There's my aunt and uncle that live so far away  
Made the road trip just to be with us today  
Smell of charcoal feels the air  
Love and laughter everywhere  
Playing spades, dominoes  
Throwing shade, telling jokes  
You would think that I've outgrown  
That nickname I don't like no more  
But that's the only name they know  
That's how it goes with the family

## CHORUS

## BRIDGE

Thinking bout the memories  
Of my loved ones that are gone  
Forever in our hearts they're living on  
And the reason we have gathered here today  
To fellowship and celebrate  
At the family reunion

## **VERSE 2**

It's family time  
I'm feeling fine  
Hanging with my cousins on my Daddy's side  
My Grandma's loving the sweet potato pie  
And the macaroni and cheese oh my oh my  
We toss water balloons and everybody's wet  
Best summers in the country how can I forget  
Great Granddaddy farmed this land  
With his own hands  
And passed it to his grands  
All the kids running round  
Can you hear the sound?  
That's love and we laugh til we hit the ground  
Nobody feeling down

## **CHORUS**

### **OUTRO**

To the left y'all and then hop  
To the right yall and then stop  
Shimmy on down to the middle  
And that's the reunion bop

Haha that was hot though  
I think I'm on to something there
