

PICK IT UP

Lyrics by Fyütch

INTRO

I don't know about you
But I live on Earth, so
Everyday is Earth day

CHORUS x10

Pick it up
Put it back
Switch it up
Swap it out

VERSE 1

Look we made mess
Time to pick things up
Bad habits time to switch things up
It's so tragic
Why we still drinking water bottles made of plastic
The least that you can do is get a refillable
The plastic ends up in the ocean killing animals
The trash on the land is not biodegradable
Better habits start at home my dude
How you gon' clean the earth
if you don't clean your room

CHORUS

VERSE 2

Do you know where your trash goes?
To a landfill, but we filled those
Hmmm zero waste is the new goal
It's not enough if we just recycle
Refuse if you don't need it
Reuse use it again (use it again then)
If it break try to repair (you can fix that)
When you finished then You can share (Regift it)

Donate those old toys shoes sweaters
One person's trash is somebody else's treasure
It's time to Declutter
Don't throw it away pass it on to another

CHORUS

VERSE 3

I wish that I could wake up to a world with no pollution
But let's be realistic and talk about solutions
Here's a couple tips you can switch for improvement
If everyone commits, we reduce the carbon footprint
Turn the running water off when you don't
Turn the lights off in the room when you leave it
Try to carpool or use public transportation
Turn the screen off go outside enjoy nature
Compost food scraps to fight the climate changing
Shop at farmers markets and support the local flavor
Plant a lil garden something small nothing major
And when you see some trash on the pavement

CHORUS
