

SONG FOR MAMA

Lyrics by Fyütch, M.Carter, bigmalls, Ellis Trakx, Augustus Carter

CHORUS

Mama, you brought me into this life
Mama, you taught me wrong from right
Mama, you are my guiding light
Your beauty's like a diamond
Your wisdom is so timeless
I love you, Mama

VERSE 1

This what I told em
She taught me how to treat a Black Queen
Ain't gotta worry if she there for me
Late at night I know she sending prayers for me
Felt your love
Ain't no hug no love in the streets

VERSE 2

I'm so grateful for my mama
Never knew a woman that could
do it more stronger
When it come to our conversations
Everything feel great
Why you think I want my conversations longer
Look she like my shining light
Never seen nobody else
that could shine so bright
Did everything for me through the darkest times
So on this day I'ma give it to you
celebrate your life yea

CHORUS

VERSE 3

Blood of my blood
Flesh of my flesh

Thank you, Mama
I am the man for your ways
Never would've seen another day
Got to thank Daddy for spitting game

CHORUS

VERSE 4

Mama said if you wanna be friends then you gotta be friendly
And if they cross the line, call em my enemy
No foes to ride with God on my side
Cuz the same God above is the God inside
Mama say be a leader, don't be fools
She said you run the game
Make em follow your rules
I'm grateful for the pieces of wisdom she gave
The advice she gave became the man she made
Now here I am

CHORUS x2
