---

## PRE-CHORUS

You did it  
You're moving on up  
Today we celebrating  
We gon turn it up  
You made it  
What an accomplishment  
Put on your cap and gown and get ready

## CHORUS

It's your graduation  
It's your time yea  
Yea you shining  
Congratulations  
You deserve it  
Yea You earned it

## VERSE 1

Walk across the stage I'm feeling great  
Might just do my dance and celebrate  
Might just throw my cap up in the sky  
Posing for these pictures lookin fly  
Wipe me down cap and gown  
Might just wear this all day when I hit the town  
My people cheering  
Yea I hear em  
They know how hard I worked to get right here  
Today's a day I know I won't forget  
Can't wait to look back and reminisce  
Made it to a whole other level  
On the road to success with my toes on the pedal

## CHORUS

## **VERSE 2**

Earned it I did it  
Shining winning  
My family they with me  
My Granny just kissed me  
Cuz I just made history  
You get it you feel me  
Remember all them days  
when nobody used to pick me  
I'm like aye, aye  
Look at me now  
I was chasing dreams they were chasing clout  
All cap. Me? I'm just cap and gown  
Looking royal  
Rocking this robe with a crown  
Majestic. Yea I'm done with the stressing  
No need for the guessing  
My time was well invested  
Confession from freshman to veteran  
This here proves to be my best win
