

APPLE OF MY EYE

Lyrics by Fyütch

CHORUS

I can't stop looking in your direction
You are my true obsession
You are the model of perfection
You are my sweet sensation
You keep giving me those good vibes
I'm picking up good vibration
Turn my rainy day to blue skies
You are the apple of my eye
You are the apple of my eye

VERSE 1

Don't mean to be possessive
but I need to make you mine
My heart feeling elation like it might bust from inside
If this my last breath I'll be happy when i die
Cuz Heaven will await me and I'll meet you in the skies
Oh Divine, I love the way you light up my life
Your beauty it surrounds me and your love wraps me tight
Since the day we met my life has not been the same
This joy I can't explain

BRIDGE

True definition of a ride or die
You take me as your own I'm one lucky guy
My soul was incomplete but then I made you mine
Replaced my fear and sadness with eternal life
How can I repay all that you've done for me
Your love is unconditional abundantly
I pledge my all to you I'll give you everything
You're the reason why I sing
